MEMORANDUM FOR THE FILES

23 November 1949

SUBJECT: Procedures Under Section 8, P. L. 110

1. At the request of Mr. Wiggins of I&N, on an informal basis, there was prepared the attached letter from the Director to the Attorney General concerning the steps to be taken by CIA in connection with possible danger to the internal security of the United States, resulting from the activities of the alien. The proposed letter was shown to Mr. Mackey, the Deputy Commissioner, and Mr. Wiggins who felt that it would be satisfactory. A copy was left with Mr. Wiggins. *IT*

2. Upon questioning the basis on which such a letter should be sent, Mr. Mackey agreed that the Immigration and Naturalization Service should request such a letter. Consequently, he instructed Mr. Wiggins to draw up a letter addressed to the Director for the Commissioner of I&N to sign or else for Mr. Mackey's signature. Consequently, the reply would be addressed to the Commissioner. No further action will be taken here until such a request is received. Mr. Wiggins indicated he would send it to the Director, for the attention of the undersigned.
